## **SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS**

To the extent that the information presented in this Quarterly Report on Form 10-QSB for the quarter ended June 30, 2008 discusses financial projections, information or expectations about our products or markets, or changes to our business plans, or otherwise makes statements about future events, such statements are forward-looking. We are making these forward-looking statements in reliance on the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Although we believe that the expectations reflected in these forward-looking statements are based on reasonable assumptions, there are a number of risks and uncertainties that could cause actual results to differ materially from such forward-looking statements. These risks and uncertainties are described, among other places in this Quarterly Report, in "Plan of Operation."

In addition, we disclaim any obligations to update any forward-looking statements to reflect events or circumstances after the date of this Quarterly Report. When considering such forward-looking statements, you should keep in mind the risks referenced above and the other cautionary statements in this Quarterly Report.

The accompanying unaudited financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules of the Securities and Exchange Commission ("SEC"), and should be read in conjunction with the audited financial statements and notes thereto contained in the Company's Form 10-KSB filed with the SEC on December 14, 2007. In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of financial position and the results of operations for the periods presented have been reflected herein. The results of operations for the periods presented are not necessarily indicative of the results to be expected for the full year.

**Touchstone Mining Limited**  
*(A Development Stage Company)*

**Notes to Interim Financial Statements**  
**June 30, 2008**

**1. Organization**

Touchstone Mining Limited (the "Company") was incorporated on September 12, 2005 in the State of Nevada, USA. It is based in Miami, Florida. The accounting and reporting policies of the Company conform to accounting principles generally accepted in the United States of America, and the Company's fiscal year end is September 30.

The Company was initially incorporated for the purpose of engaging in the acquisition, exploration and development of mineral resource properties. The Company has obtained the right to conduct exploration work on ten mineral mining claims in Humboldt County, Nevada, USA. Prior to this, the Company's activities have been limited to its formation, the raising of equity capital, and its mining exploration work program. Although the Company has not disposed of its interest in its mining properties (Note 5), it has discontinued exploration on the property and is actively seeking other ventures of interest that may include, but not be limited to, mergers, acquisitions and similar transactions.

**Development Stage Company**

The Company is considered to be in the development stage as defined in Statement of Financial Accounting Standards (SFAS) No. 7, "Accounting and Reporting by Development Stage Enterprises."

**2. Significant Accounting Policies**

**Use of Estimates**

The preparation of the Company's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates. The Company's periodic filings with the Securities and Exchange Commission include, where applicable, disclosures of estimates, assumptions, uncertainties and markets that could affect the financial statements and future operations of the Company.

**Cash and Cash Equivalents**

Cash and cash equivalents include cash in banks, money market funds, and certificates of term deposits with maturities of less than three months, which are readily convertible to known amounts of cash and which, in the opinion of management, are subject to an insignificant risk of loss in value. The Company had \$15,940 and \$42 in cash and cash equivalents at June 30, 2008 and September 30, 2007, respectively.

**Mineral Acquisition and Exploration Costs**

The Company has been in the development stage since its formation on September 12, 2005 and has not yet realized any revenue from its planned operations. It has been primarily engaged in the acquisition, exploration and development of mining properties. Mineral property acquisition and exploration costs are expensed as incurred. When it has been determined that a mineral property can be economically developed as a result of establishing proven and probable reserves, the costs incurred to develop such property are capitalized. Such costs will be amortized using the units-of-production method over the estimated life of the probable reserves.

**Touchstone Mining Limited**  
*(A Development Stage Company)*

**Notes to Interim Financial Statements**  
**June 30, 2008**

**2. Significant Accounting Policies (continued)**

*Start-Up Costs*

In accordance with the American Institute of Certified Public Accountants' Statement of Position 98-5, "Reporting on the Costs of Start-up Activities," the Company expenses all costs incurred in connection with the start-up and organization of the Company.

*Net Income or (Loss) Per Share of Common Stock*

The Company has adopted Financial Accounting Standards Board ("FASB") Statement Number 128, "Earnings per Share," ("EPS") which requires presentation of basic and diluted EPS on the face of the statements of operations for all entities with complex capital structures and requires a reconciliation of the numerator and denominator of the basic EPS computation to the numerator and denominator of the diluted EPS computation. In the accompanying financial statements, basic earnings (loss) per share is computed by dividing net income (loss) by the weighted average number of shares of common stock outstanding during the period. *The Company has no potentially dilutive securities, such as options or warrants, currently issued and outstanding.*

The following table sets forth the computation of basic and diluted earnings per share:

	Three Months Ended June 30,		Nine Months Ended June 30,	
	2008	2007	2008	2007
Net loss applicable to common shares	\$ (17,908)	\$ (1,791)	\$ (38,900)	\$ (25,868)
<b>Weighted average common shares</b>				
Outstanding (Basic)	6,238,889	3,100,000	6,173,769	3,100,000
Options	-	-	-	-
Warrants	-	-	-	-
Weighted average common shares Outstanding (Diluted)	<u>6,238,889</u>	<u>3,100,000</u>	<u>6,173,769</u>	<u>3,100,000</u>
Net loss per share (Basic and Diluted)	<u>\$ (0.003)</u>	<u>\$ (0.001)</u>	<u>\$ (0.006)</u>	<u>\$ (0.008)</u>

**Touchstone Mining Limited**  
*(A Development Stage Company)*

**Notes to Interim Financial Statements**  
**June 30, 2008**

**2. Significant Accounting Policies (continued)**

*Concentrations of Credit Risk*

The Company's financial instruments that are exposed to concentrations of credit risk primarily consist of its cash and cash equivalents and related party payables it will likely incur in the near future. The Company places its cash and cash equivalents with financial institutions of high credit worthiness. At times, its cash and cash equivalents with a particular financial institution may exceed any applicable government insurance limits. The Company's management plans to assess the financial strength and credit worthiness of any parties to which it extends funds, and as such, it believes that any associated credit risk exposures are limited.

**Foreign Currency Translations**

The Company's functional currency since inception has been the Canadian dollar, while the Company's reporting currency is the U.S. dollar. During the quarter, the Company moved its headquarters from British Columbia, Canada to Miami, Florida. In addition, the Company has recently ceased exploration work on its Canadian mine and is pursuing other ventures of interest. In light of these significant changes in circumstances, the Company has elected the U.S. dollar as its functional currency. Since the Company has closed its Canadian bank account and does not have any accumulated foreign currency translation adjustments, it is anticipated that the change in functional currency will not impact the Company's financial reporting. Any transactions that may be initiated in Canadian dollars in the future will be translated into U.S. dollars in accordance with SFAS No. 52, "Foreign Currency Translation," as follows:

- (i) Monetary assets and liabilities at the rate of exchange in effect at the balance sheet date.
- (ii) Equity at historical rates.
- (iii) Revenue and expense items at the average rate of exchange prevailing during the period.

Adjustments arising from such translations are deferred until realization and are included as a separate component of stockholders' equity as a component of comprehensive income or loss. Therefore, translation adjustments are not included in determining net income (loss) but reported as other comprehensive income.

For foreign currency transactions, the Company translates these amounts to the Company's functional currency at the exchange rate effective on the invoice date. If the exchange rate changes between the time of purchase and the time actual payment is made, a foreign exchange transaction gain or loss results which is included in determining net income for the period. No significant realized exchange gains or losses were recorded since September 12, 2005 (inception) to June 30, 2008.

**Risks and Uncertainties**

The Company previously operated in the resource exploration industry that is subject to significant risks and uncertainties, including financial, operational, technological and other risks associated with operating a resource exploration business, including the potential risk of business failure.

**Touchstone Mining Limited**  
*(A Development Stage Company)*

**Notes to Interim Financial Statements**  
**June 30, 2008**

**2. Significant Accounting Policies (continued)**

**Environmental Expenditures**

The operations of the Company have been, and may in the future be, affected from time to time in varying degree by changes in environmental regulations, including those for future reclamation and site restoration costs. Both the likelihood of new regulations and their overall effect upon the Company vary greatly and are not predictable. The Company's policy is to meet or, if possible, surpass standards set by relevant legislation by application of technically proven and economically feasible measures.

Environmental expenditures that relate to ongoing environmental and reclamation programs are charged against earnings as incurred or capitalized and amortized depending on their future economic benefits. All of these types of expenditures incurred since inception have been charged against earnings due to the uncertainty of their future recoverability. Estimated future reclamation and site restoration costs, when the ultimate liability is reasonably determinable, are charged against earnings over the estimated remaining life of the related business operation, net of expected recoveries.

**Recent Accounting Pronouncements**

In May 2008, FASB issued Financial Accounting Standards No. 163, "*Accounting for Financial Guarantee Insurance Contracts - an interpretation of FASB Statement No. 60.*" Diversity exists in practice in accounting for financial guarantee insurance contracts by insurance enterprises under FASB Statement No. 60, Accounting and Reporting by Insurance Enterprises. That diversity results in inconsistencies in the recognition and measurement of claim liabilities because of differing views about when a loss has been incurred under FASB Statement No. 5, "*Accounting for Contingencies.*" This Statement requires that an insurance enterprise recognize a claim liability prior to an event of default (insured event) when there is evidence that credit deterioration has occurred in an insured financial obligation. This Statement also clarifies how Statement 60 applies to financial guarantee insurance contracts, including the recognition and measurement to be used to account for premium revenue and claim liabilities. Those clarifications will increase comparability in financial reporting of financial guarantee insurance contracts by insurance enterprises. This Statement requires expanded disclosures about financial guarantee insurance contracts. The accounting and disclosure requirements of the Statement will improve the quality of information provided to users of financial statements. This Statement is effective for financial statements issued for fiscal years beginning after December 15, 2008, and all interim periods within those fiscal years.

**Touchstone Mining Limited**  
*(A Development Stage Company)*

**Notes to Interim Financial Statements**  
**June 30, 2008**

**2. Significant Accounting Policies (continued)**

**Recent Accounting Pronouncements (continued)**

In May 2008, FASB issued Financial Accounting Standards No. 162, *"The Hierarchy of Generally Accepted Accounting Principles."* This Statement identifies the sources of accounting principles and the framework for selecting the principles to be used in the preparation of financial statements of nongovernmental entities that are presented in conformity with generally accepted accounting principles (GAAP) in the United States (the GAAP hierarchy). This Statement is effective 60 days following the SEC's approval of the Public Company Accounting Oversight Board amendments to AU Section 411, *The Meaning of Present Fairly in Conformity With Generally Accepted Accounting Principles.*

In March 2008, FASB issued Financial Accounting Standards No. 161, *"Disclosure about Derivative Instruments and Hedging Activities – an amendment to FASB Statement No. 133."* The use and complexity of derivative instruments and hedging activities have increased significantly over the past several years. Constituents have expressed concerns that the existing disclosure requirements in FASB Statement No. 133, *"Accounting for Derivative Instruments and Hedging Activities,"* do not provide adequate information about how derivative and hedging activities affect an entity's financial position, financial performance, and cash flows. Accordingly, this Statement requires enhanced disclosures about an entity's derivative and hedging activities and thereby improves the transparency of financial reporting. This Statement is effective for financial statements issued for fiscal years and interim periods beginning after November 15, 2008.

In December 2007, FASB issued Financial Accounting Standards No. 160, *"Noncontrolling Interests in Consolidated Financial Statements – an amendment of ARB No. 51."* This statement amends ARB No. 51 to improve the relevance, comparability, and transparency of the financial information that a reporting entity provides in its consolidated financial statements by establishing accounting and reporting standards of the portion of equity in a subsidiary not attributable, directly or indirectly, to a parent. SFAS 160 is effective for fiscal years, and interim periods within those fiscal years, beginning on or after December 15, 2008 (that is, January 1, 2009, for entities with calendar year-ends).

In December 2007, FASB issued a revision to Financial Accounting Standards No. 141 (revised 2007), *"Business Combinations."* The objective of this Statement is to improve the relevance, representational faithfulness, and comparability of the information that a reporting entity provides in its financial reports about a business combination and its effects. This Statement applies prospectively to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008.

**Touchstone Mining Limited**  
*(A Development Stage Company)*

**Notes to Interim Financial Statements**  
**June 30, 2008**

**2. Significant Accounting Policies (continued)**

In February 2007, FASB issued Financial Accounting Standards No. 159, “The Fair Value Option *for Financial Assets and Financial Liabilities—Including an amendment of FASB Statement No. 115.*” This Statement permits entities to choose to measure many financial instruments and certain other items at fair value. The objective is to improve financial reporting by providing entities with the opportunity to mitigate volatility in reported earnings caused by measuring related assets and liabilities differently without having to apply complex hedge accounting provisions. This Statement is expected to expand the use of fair value measurement, which is consistent with the Board’s long-term measurement objectives for accounting for financial instruments. SFAS 159 is effective as of the beginning of an entity’s first fiscal year that begins after November 15, 2007.

In September 2006, FASB issued Financial Accounting Standards No. 157, “*Fair Value Measurements.*” This Statement defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles (GAAP), and expands disclosures about fair value measurements. This Statement applies under other accounting pronouncements that require or permit fair value measurements, the Board having previously concluded in those accounting pronouncements that fair value is the relevant measurement attribute. Accordingly, this Statement does not require any new fair value measurements. However, for some entities, the application of this Statement will change current practice. SFAS 157 is effective in the first fiscal year that begins after October 1, 2009 for the Company.

None of the above new pronouncements has current application to the Company, but will be implemented in the Company’s future financial reporting when applicable.

**3. Stockholders’ Equity**

**Authorized Stock**

The Company has authorized 100,000,000 common shares with a par value of \$0.00001 per share. Each common share entitles the holder to one vote, in person or proxy, on any matter on which action of the stockholders of the corporation is sought.

**Share Issuances**

Since inception (September 12, 2005), the Company has issued 3,100,000 common shares at \$0.02 per share, 138,889 common shares at \$0.36 per share, and 3,000,000 common shares in satisfaction of debt of \$34,502, resulting in total proceeds of \$146,502. There were 6,238,889 common shares issued and outstanding at June 30, 2008.

**Touchstone Mining Limited**  
*(A Development Stage Company)*

**Notes to Interim Financial Statements**  
**June 30, 2008**

**4. Provision for Income Taxes**

The Company recognizes the tax effects of transactions in the year in which such transactions enter into the determination of net income, regardless of when reported for tax purposes. Deferred taxes are provided in the financial statements under SFAS No. 109 to give effect to the resulting temporary differences which may arise from differences in the bases of fixed assets, depreciation methods, allowances, and start-up costs based on the income taxes expected to be payable in future years. Minimal Development Stage deferred tax assets arising as a result of net operating loss carryforwards have been offset completely by a valuation allowance due to the uncertainty of their utilization in future periods. Operating loss carryforwards generated during the period from September 12, 2005 (date of inception) through June 30, 2008 of \$132,255 will begin to expire in 2025. Accordingly, deferred tax assets of approximately \$46,000 were offset by the valuation allowance that increased by approximately \$13,500 and \$9,100 during the nine months ended June 30, 2008 and 2007, respectively.

**5. Mineral Property Costs**

By agreement dated November 23, 2005 with Mineral Exploration Services Ltd. ("MES"), the Company acquired an option to earn a 100% interest in certain properties consisting of 10 unpatented mineral claims, known as the Boulder Claims (the "Property") located in Humboldt County, Nevada, USA.

Upon execution of the agreement, MES transferred 100% interest in the mineral claims to the Company for \$50,000 to be paid, at the Company's option, as follows:

	<u>Cash Payments</u>
Upon signing of the agreement and transfer of title (paid)	\$ 3,500
On or before November 23, 2006 (paid)	3,500
On or before November 23, 2007	8,000
On or before November 23, 2008	10,000
On or before November 23, 2009	10,000
On or before November 23, 2010	15,000
	<u>\$ 50,000</u>

In August 2007, the Company reached an agreement with MES, whereby MES relinquished its rights to the Property. During the period ended June 30, 2008, the Company proceeded to stake the claims in its own name. The Company is no longer obligated to make the payments outlined above for 2007 through 2010, and is only responsible for maintaining the mineral claims in good standing by paying all the necessary rents, taxes, and filing fees associated with the Property. As of June 30, 2008, the Company met these obligations.

**Touchstone Mining Limited**  
*(A Development Stage Company)*

**Notes to Interim Financial Statements**  
**June 30, 2008**

**5. Mineral Property Costs (continued)**

A \$4,330 reclamation bond has been paid to the Bureau of Land Management (BLM) in the State of Nevada. This bond will be held by the BLM until such time as they determine that the mineral property has been properly reclaimed and indigenous species of plants have been planted and are growing. Given the uncertainty of any future exploration and/or additional work on the property, that the Company will perform and the additional time needed before a BLM inspector can view the property, this bond has been accounted for as a non-current asset.

**6. Going Concern and Liquidity Considerations**

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates, among other things, the realization of assets and satisfaction of liabilities in the normal course of business. As at June 30, 2008, the Company had working capital of \$9,917 and an accumulated deficit of \$132,255. The Company intends to fund operations through equity financing arrangements, which may be insufficient to fund its capital expenditures, working capital and other cash requirements for the next twelve months.

The ability of the Company to emerge from the Development Stage is dependent upon, among other things, obtaining additional financing to continue operations.

In response to these problems, management intends to raise additional funds through public or private placement offerings.

These factors, among others, raise substantial doubt about the Company's ability to continue as a going concern. The accompanying financial statements do not include any adjustments that might result from the outcome of this uncertainty.

## **ITEM 2. PLAN OF OPERATIONS**

We were incorporated in the State of Nevada on September 12, 2005. We intended to engage in the acquisition, exploration and development of mineral deposits and reserves, but we have been unsuccessful in this area. The only operations we have engaged in are exploration work on a property in Humboldt County, Nevada. In August 2007, we determined to discontinue our exploration efforts at this property and to look at other ventures of interest. These ventures may involve sales of our debt or equity securities in merger, acquisition or similar transactions.

In its report on our September 30, 2007 audited financial statements, our auditors expressed an opinion that there is substantial doubt about our ability to continue as a going concern. Our financial statements do not include any adjustments that may result from the outcome of this uncertainty. We have been in the development stage and have had no revenues since inception. For the period from September 12, 2005 (inception) to June 30, 2008, we have accumulated a deficit of \$132,255. Our continuation as a going concern is dependent on future events, including our ability to raise additional capital and to generate positive cash flows.

At the present time, we have minimal operating costs and expenses due to our limited business activities. Accordingly, absent changed circumstances, we will not be required to raise additional capital over the next twelve months, although we may do so in connection with or in anticipation of possible merger or acquisition transactions. We do not currently engage in any product research and development, other than maintaining a mineral mining claim. We have no present plans to purchase or sell any plant or significant equipment. We also have no present plans to add employees, although we may do so in the future if we engage in any merger or acquisition transactions.

## **ITEM 3. CONTROLS AND PROCEDURES**

(a) Evaluation of Disclosure Controls and Procedures. Under the supervision and with the participation of our senior management, consisting of Nanuk Warman, our chief executive officer and chief financial officer, we conducted an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended, as of the end of the period covered by this report (the "Evaluation Date"). Based on this evaluation, our chief executive officer and chief financial officer concluded as of the Evaluation Date that our disclosure controls and procedures were effective such that the information relating to us required to be disclosed in our Securities and Exchange Commission ("SEC") reports (i) is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms, and (ii) is accumulated and communicated to our management, including our chief executive officer and chief financial officer, as appropriate to allow timely decisions regarding required disclosure.

(b) Changes in Internal Control over Financial Reporting. There were no changes in our internal control over financial reporting that occurred during the period covered by this report that have materially affected or are reasonably likely to materially affect our internal control over financial reporting.

**PART II - OTHER INFORMATION**

**ITEM 6. EXHIBITS**

- 31.1 Rule 13(a)-14(a)/15(d)-14(a) Certification of Principal Executive and Financial Officer
- 32.1 Rule 1350 Certification of Chief Executive and Financial Officer

**SIGNATURES**

In accordance with Section 13 or 15(d) of the Exchange Act, the Registrant caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.

TOUCHSTONE MINING LIMITED

Dated: August 14, 2008

Nanuk Warman,  
President, Chief Executive and  
Chief Financial Officer

## SARBANES-OXLEY SECTION 302(a) CERTIFICATION

I, Nanuk Warman, certify that:

1. I have reviewed this **Quarterly Report on Form 10-QSB for the period ended June 30, 2008 of Touchstone Mining Limited;**
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. I am responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) for the registrant and have:
  - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - c. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. I have disclosed, based on my most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

Date: August 14, 2008

**CERTIFICATION PURSUANT TO 18 U.S.C. SECTION 1350,  
AS ADOPTED PURSUANT TO  
SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002**

In connection with the Quarterly Report of **Touchstone Mining Limited** (the "Company") on Form 10-QSB for the period ended **June 30, 2008** as filed with the Securities and Exchange Commission on the date hereof (the "Report"), I, Nanuk Warman, Chief Executive Officer and Chief Financial Officer of the Company, certify, pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, that:

- (1) the Report fully complies with the requirements of Section 13(a) or 15(d) of the Securities Exchange Act of 1934; and
- (2) the information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Company.

Dated: August 14, 2008.

/s/ Nanuk Warman

Nanuk Warman, Chief Executive Officer and Chief  
Financial Officer
